

BILLING CODE 6717-01-P  
DEPARTMENT OF ENERGY  
FEDERAL ENERGY REGULATORY COMMISSION

Enable Gas Transmission, LLC

Docket No. CP14-23-000

NOTICE OF APPLICATION

Take notice that on November 26, 2013, Enable Gas Transmission, LLC (Enable) 1111 Louisiana Street, Houston, Texas 77002, filed in the above reference docket application pursuant to section 7(b) and 7(c) of the of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations, requesting authorization for the Central Arkansas Pipeline Enhancement Project. Enable proposes to abandon and replace certain facilities in order to provide continued safe, reliable, and efficient transportation of natural gas service to the towns of Conway, Mayflower, Maumelle, North Little Rock, and Little Rock; all located in Pulaski and Faulkner Counties, Arkansas. Enable's proposal is more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Any questions concerning this application may be directed to B. Michelle Willis, Manager, Regulatory and Compliance, Enable Gas Transmission, LLC, P. O. Box 21734 Shreveport, LA 71151 at (318) 429-3708.

Specifically, Enable proposes to construct approximately 28.5 miles of 12-inch pipeline (new Line BT-39), approximately 230 feet of 4-inch pipeline (new Line BT- 40), and approximately 1,400 feet of 4-inch pipeline (new Line BT-41), as well as the installation of delivery points and necessary appurtenant facilities. In conjunction with the construction, Enable proposes to abandon an approximately 21.7 mile-long segment of existing Line B. Enable seeks authority to abandon by sale an approximately 12.4 mile-long segment of existing Line BT-14 and the entire line BT-19 to Enable's affiliated distribution business, CenterPoint Energy Resources Corp. d/b/a CenterPoint Energy Arkansas Gas. Enable also proposes to abandon in its entirety existing Line BM-1, and reconfigure Line BM-21.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or

issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentators will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentators will not be required to serve copies of filed documents on all other parties. However, the non-party commentators will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek

court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy regulatory Commission, 888 First Street, NE, Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the “eLibrary” link and is available for review in the Commission’s Public Reference Room in Washington, DC. There is an “eSubscription” link on the web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: January 2, 2014

Dated: December 11, 2013

Kimberly D. Bose,  
Secretary.
